### VANDERBILT PSYCHIATRIC ASSESSMENT SERVICE

Vanderbilt Psychiatric Assessment Service (PAS) provides 24/7 assistance with behavioral health crisis needs. Adult walk-in crisis care at Vanderbilt Psychiatric Hospital is available on weekdays, weekends and holidays during dedicated hours.

#### WALK-IN PROCESS

- Check in
- Belongings safely secured
- Consultation with a registered nurse
- Evaluation by a psychiatrist
- Crisis assessment by a clinician
- Treatment recommendation determined by patient, family, psychiatrist and clinician

PAS offers crisis assessment services at the emergency departments at Vanderbilt University Hospital and Monroe Carell Jr. Children's Hospital at Vanderbilt.

We also serve as the admissions department for psychiatric hospitalization throughout Vanderbilt. We coordinate referrals for patients from all agencies and programs in addition to our crisis patients.

#### VANDERBILT PAS TEAM

The multidisciplinary PAS team assures the most effective outcomes for our patients. Our team consists of psychiatrists, master's level clinicians, registered nurses and mental health specialists.

#### BEHAVIORAL HEALTH SUPPORT

Vanderbilt PAS provides behavioral health support for potential patients, families and health care providers. An assessment specialist can assist with questions you may have about behavioral health treatment.
